Bert W. O'Malley, M.D.

BIRTHPLACE: Pittsburgh, Pennsylvania SOCIAL SECURITY NUMBER: 208-28-2925

EDUCATION:

B.S. 1955-1959 University of Pittsburgh University of Pittsburgh School of Medicine 1959-1963 M.D. (Summa Cum Laude) **Duke University** Internship & Residency Department of Medicine 1963-1965 D.Sc. (Honorary) New York Medical College 6/5/79 Karolinska Institutet M.D. (Honorary) Stockholm, Sweden 5/29/84 The National University of Ireland D.Sc. (Honorary) 3/21/85

RESEARCH AND PROFESSIONAL EXPERIENCE:

1973-present	form frompson Professor and Chairman, Department of Cell blology and Director of the
	Baylor Center for Reproductive Biology, Baylor College of Medicine, Houston, Texas
1969-1973	Professor and Occupant of Lucius Birch Chair and Director of the Reproductive Biology
	Center, Vanderbilt University School of Medicine, Nashville, Tennessee
1967-1969	Head, Molecular Biology Section, Endocrine Branch, NCI, NIH
1965-1967	Clinical Associate, NCI, NIH
1963-1965	Clinical Training in Internal Medicine, Dr. E.A. Stead, Duke University Hospital, Durham, NC

SOCIETIES:

National Academy of Sciences
Institute of Medicine (I.O.M. of N.A.S.)
American Academy of Arts and Sciences
American Association for the Advancement of Science
American Association for Cancer Research
American Society for Biological Chemists
American Society for Cell Biology
American Society for Clinical Investigation
American Institute of Chemists
Endocrine Society
Federation for Clinical Research
Harvey Society

HONORS:

A.E.D., P.B.K., A.O.A. (Honor Societies)
Ernst Oppenheimer Award, American Endocrine Society, 1975
Gregory Pincus Memorial Medal, 1975
Lila-Gruber Cancer Award, 1977
Distinguished Achievement in Modern Medicine Award, 1978
Borden Award, Association of American Medical Colleges, 1978
Dickson Prize for Basic Medical Research, 1979
Philip S. Hench Award, 1981 - University of Pittsburgh

Axel Munthe Award in Reproductive Biology, 1982 - Capri, Italy
Distinguished Service Professor, Baylor College of Medicine, 1985
Bicentennial Medallion of Distinction, University of Pittsburgh, 1987
Fred Conrad Koch Medal (Endocrine Society), 1988
D.R. Edwards Medal (Cardiff, Wales), 1989
Duke University Distinguished Alumni Award, 1991
Eastman Kodak Award (N.A.C.B.) 1992
Doisy Lects. Biochem. (University of Illinois) 1993
Election to Fellow of A.A.A.S., 1995
William L. McGuire Memorial Lecture Award (University of Texas HSC, San Antonio) 1995
Baylor College of Medicine Distinguished Faculty Award, 1996
Fellow, American Academy of Microbiology, 1997
Sterling LCS (Boston), 1997

DISTINGUISHED SERVICE:

Endocrinology Study Section, NIH - 1970-1973
Chairman, Endocrinology Study Section, NIH - 1973-1974
Chairman, Gordon Research Conference on Hormone Action - 1975
Counsel, The Endocrine Society, 1975-1978
Chairman, CETUS-UCLA Symposium on Gene Expression - 1982
President The Endocrine Society, 1985
Chairman, AACR Conference in Cancer Research "Steroid Receptors, 1990
Transcription Factors, and Gene Expression" (San Diego, CA) 1990
Co-Organizer, Keystone Symposium "Steroid/Thyroid, Receptor" (Tamarron, Colorado), 1992
Organizer, NICHD Molecular Endocrinology Workshop (Houston, Texas), 1996
Elected, At-Large Member of the Council of the Gordon Research Conference, 1998

PATENTS:

No. 5,298,422 - 03/29/94 "Myogenic Vector Systems" by Robert J. Schwartz, Franco J. DeMayo and Bert W. O'Malley
 No. 5,364,791 - 11/15/94 "Progesterone Receptor Having C. Terminal Hormone Binding Domain Truncations", by Elizabetta Vegeto, Donald McDonnell, and Bert W. O'Malley - licensed to GeneMedicine, Inc. & Ligand Pharm., Inc.
 No. 5,571,691 - 11/05/96 "Production of Recombinant Lactoferrin and Lactoferrin Polypeptides Using cDNA Sequences in Various Organisms" by Orla M. Conneely, Denis R. Headon, Bert W. O'Malley and Gregory S. May, licensed to Agentix

No. 5;571,896 - 11/05/96 "Production of Recombinant Human Lactoferrin" by Orla M. Conneely, Denis R. Headon, Bert W. O'Malley and Gregory S. May, licensed to Agennix

No. 5,571,697 - 11/05/96 "Expression of Processed Recombinant Lactoferrin and Lactoferrin Polypeptide Fragments from a Fusion Product in Aspergillus" by Orla M. Donneely, Denis R. Headon and Bert W. O'Malley, licensed to Agennix

Pending: "Expression Vectors That Produce Steroid Receptors, Steroid Receptor Chimera, Screening Assays for Steroid Receptors and Clinical, Screening Assays for Steroid Receptors and Clinical Assays Using Synthesized Receptors and Receptor Vectors"

Pending: "Assays of COUP-Transcription Factor Interactions in Mammalian Systems"

Pending: "Method of Identifyfing Hormone Antagonists and Agonists"

PUBLICATIONS:

Over 600 items involving primarily studies of the molecular mechanism of steroid hormone action, hormone receptors, reproductive hormone regulation of synthesis of nucleic acids and specific proteins, and the organization, structure and regulation of expression of specific eucaryotic genes.
